RE: Structure/Function Claims Notification

Dear FDA Representative:

The purpose of this letter is to notify the FDA of structure/function claims that will appear on our dietary supplement product label. The distributor of this dietary supplement will be CON-CRÉT ENTERPRISES, P.O. Box 2006, Houston, TX 77252-2006. CON-CRÉT™, our dietary supplement, is simply composed of highly pure conjugated creatine. We will make the following claims:

- Creatine is known to help build impressive muscles
- Highly improved and more effective form of conjugated creatine
- Promotes regaining and maintaining muscle tone without side effects
- Promotes significant muscle building without side effects
- Stimulates greater ATP generation for high and sustained energy levels
- Enhances rapid muscle recovery during and after workout
- Supports proper fluid distribution which enables greater protein synthesis
- High potency allows for smaller, safer doses and still yields greater effects
- Eliminates large dosage side effects of other creatine products
- Highly pure, no useless or filler ingredients that "attempt" to make product sound more glamorous
- 60 times greater bioavailability compared to standard creatine products
- Promotes healthy memory, mental acuity, and neuro-muscular functions

Abiding by FDA compliance, our product label will contain the following disclaimer:

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent and disease. This product is intended for use by healthy individuals.

Sincerely,

Nathan Reed  
Process Engineer
